Date:	22nd February 2019
Address:	

Dear

Further to your Freedom of Information Request, please find the Trust's response below:

I have been researching into workforce management within the NHS and as such am writing to you under the Freedom of Information Act to request the attached information relating to e-Rostering within your trust. Attached to this email is an excel document containing a table with a simple layout for your convenience in answering the questions. I understand the time constraints that befall any FOI request and as such, might I request that should your organisation believe that the information will take longer than the suitable time, to provide answers to the questions asked up to the point where the time allowance should be exceeded.

Please don't hesitate to get into contact should there be any need for clarification relating to the attached questions, or if there should be anything else that should come to mind relating to the questions or the FOI request.

Please find attached completed Excel document.

Kindly note that Humber Teaching NHS Foundation Trust does not collect data in relation to ROI so is unable to answer question 3 of your request. The Trust is also unable to provide a monetary figure with regards to making its roster more efficient therefore we cannot answer question 10.

Humber Teaching NHS Foundation Trust is unable to provide the information requested in respect of staff names as it would likely breach the Data Protection Principals of the Data Protection Act 2018 and is therefore exempt under section 40 (2) of the Freedom of Information Act 2000. Questions 11 and 12 are therefore not answered.

Kind regards,

Freedom of Information Team
